Benefit percentages shown are based on the actual charges submitted up to the Maximum Allowable Charge for participating dentists, or Delta Dental's allowance for non-participating dentists.

Delta Dental PPO plus Premier Networks

You will get the best value from your Delta Dental Plan when you receive your dental care from our PPO (greatest savings) or Premier network participating dentists.

No Balance Billing: Because Participating dentists accept Northeast Delta Dental allowed fees for services, you will typically pay less when you visit a participating dentist.

No Claims Paperwork: Participating dentists will prepare and submit claims for you.

Direct Payment: Northeast Delta Dental pays participating dentists directly, so you don't have to pay the covered amount up front and wait for a reimbursement check.

To find out if your dentist participates in our PPO or Premier network, you can call your dentist, visit our website at www.nedelta.com, or call Customer Service at 1-800-832-5700.

Claim Process for Participating Dentists

Your participating dentist will submit your claim to Northeast Delta Dental (claims for any of your covered dependents should be submitted under *your* Subscriber ID number). Northeast Delta Dental will produce an Explanation of Benefits (available through Benefits Lookup site at nedelta.com) detailing what has been processed under your plan's coverage. You are responsible to pay any outstanding balance directly to the dentist.

Non-Participating Dentists

If you visit a non-participating dentist, you may be required to submit your own claim form (available by calling Northeast Delta Dental or by visiting www.nedelta.com). Payment will be made to you, the Subscriber, unless the state in which the services are rendered requires that assignments of benefits be honored and Northeast Delta Dental receives written notice of an assignment on the claim form before payment for benefits is made. Payment for treatment performed by a non-participating dentist will be limited to the lesser of the dentist's actual submitted charge or Delta Dental's allowance for non-participating dentists in the geographic area in which services are provided. It is your responsibility to make full payment to the dentist.

Predetermination of Benefits

Northeast Delta Dental recommends that you ask your dentist to submit a *pre-treatment estimate* for any dental work involving costly or extensive treatment plans. Predeterminations helps avoid any potential confusion and enable us to help you estimate any out-of-pocket expenses you may incur

Coordination of Benefits

When an individual covered under this program has additional group coverage, the Coordination of Benefits (COB) provision described in your Summary Plan Description booklet will determine the sequence and extent of payment. If you have any questions about COB, please contact our Customer Service department at 1-800-832-5700.

Identification cards

Two identification cards will be produced and distributed shortly after your initial enrollment. Both cards are issued in your name but can be used by any family member covered under your plan. Any future cards will be issued electronically via our Benefit Lookup site accessible through nedelta.com.

Summary Plan Description Booklet

A copy of your Summary Plan Description booklet is posted on your company's intranet. This booklet describes the benefits of your program and tells you how to use your plan. Please read it carefully to understand the benefits and provisions of your Northeast Delta Dental program.
