

GENERAL INTERCESSIONS FOR PEACE IN THE MIDDLE EAST

That the Lord may grant peace to those parts of the world most battered by war and violence, let us pray to the Lord . . .

For communities around the world living in fear of war and violence, especially those in the Middle East, that the God of peace and justice will comfort and protect them in these dark hours, we pray to the Lord . . .

For all government and political leaders, that they may work to end the fighting in the Middle East and that their decisions and actions lead to a future of peace, we pray to the Lord . . .

For all communities, help us to be bearers of peace in our own communities as we walk with our sisters and brothers who have been displaced by violence in the Middle East, so that we all will be called peacemakers and children of God, we pray to the Lord . . .
