From House Judiciary Committee Hearing, February 7, 2024

“The data we have shows that in states that have allowed medical aid in dying, we see the needle tick towards more suicide. I want to avoid that.”

– Dr. Jonathan Eddinger, NH Cardiologist

“This bill scares our members right down to their socks...while veterans are a relatively small portion of our population, we have a really, really outsized number when it comes to suicides.”

– Kevin Grady, NH State Veterans Advisory Committee

“Our residents often state that they do not want to be a burden on their families. This will influence their decision without a doubt.”

– Brenda Buttrick, NH Nursing Home Administrator

“If teens with depression and suicidal thoughts start seeing family members and friends...committing suicide...and they see that this is being morally accepted...they will see no issue with attempting suicide.”

– Peter Hogan, NH High School Student

“Disability is not a fate worse than death. All of the national disability organizations oppose assisted suicide laws.”

– Forrest Beaudoin, NH Resident and Advocate
